

Druck's DPI620G-B

Modular, electrical measurement

Building on the successful
DPI620G series.

Part of the
Genii Advanced
Modular
Calibration
System

Cost effective electrical measurement for
pressure calibrations when used with:

PV621/622/623/624 pressure generation stations,
or MC620G module carrier and PM620/PM620T
pressure modules.

That's Genius.
